Free Innovation Frameworks

Deadline: 20 September 2026

The Innoventure Innovation course teaches world class innovation techniques through real-world case studies in the storytelling format through video modules followed by thought provoking application based questions. Upon course completion, students receive a prestigious ' Skills Mastery Certificate ' that is downloadable and are eligible to participate in the National level Innovation challenge for Free. Participating schools become eligible for Innovation Ranking Awards.

It is mandatory to complete the Innovation Free course by 20th September 2026 to be eligible for the Innoventure National Challenge Round 1 . It is recommended that children complete the course before 20th September 2026 to get the time to further upgrade their skills with optional additional training material before Innoventure Round 1

Case Study Based Innovation Application MCQ Round

Round 1 Exam Date: 5th to 24th October 2026

Innoventure Round 1 challenge registration is Free and only students completing the Innovation course before 20th September 2026 are eligible for it. It is an online challenge with grade wise application based questions on creativity, ideation and problem solving in multiple choice format.

Round 1 dates and format: The Round 1 will be conducted in-school between 5th October 2026 to 24th October 2026 . Based on the preference of the Day selected by the school, students will be allocated a fixed timeslot as per their grade.

The selected date of Round 1 will be visible in Student login.

Round 1 is MCQ round focusing on case study-based and innovation application questions. Detailed instructions would be available in school and student dashboards.

The students can choose to level up their skills through the optional additional material and mock simulated challenges for Round 1 in their individual login to ace the challenge.

The result of Round 1 will be declared online in the 2nd week of November 2026. Students that score above the min threshold and are among the top 50% of their grade will be qualified for Round

2 of the challenge.

Certificates & Performance Report: All participants will receive a prestigious certificate along with their ranking and detailed performance report and recommendation in the individual logins.

National School Innovation Ranking

December, 2026

This is the first of its kind initiative in the country to bring Innovation skills at the forefront in school education and serves as a platform to align, encourage, acknowledge and celebrate the efforts taken at the school level to promote the innovation skills as a whole school approach in alignment to the vision of the NEP2020.

We encourage whole school participation to nurture students innovation skills and also give the school detailed insights into their innovation index and recommendations and serve as a criteria for the awards.

Grade wise and Round wise performance report and whole school performance report will be available for the school in their school dashboard. Detailed processes would be available in school dashboards.

School Ranking and Awards will be announced in December 2026 and felicitated during the National Finale of Innoventure in person.

Innoventure Round 2

1st to 6th December 2026

Round 2 is an online interview based on critical thinking, decision making, idea generation and communication skills.

Round 2 date and format: Qualified students can choose their interview date and time in their login and answer their interview. Students need to have a working mic and camera for this round on their laptop/desktop or mobile phone. Registration fees for Innoventure Round 2- Rs.499 only that is inclusive of basic preparation material. Detailed instructions would be available in school and student dashboards.

The students can choose to level up their skills through the optional additional material and mock simulated interviews for Round 2 in their individual login to ace the challenge.

The result of Round 2 will be declared online in the 2nd Week of December 2026. Top 40 students per grade of the country will be qualified for the National Finale of Innoventure.

Note: For grades 1 to 3, there will be no further rounds. Medals will be sent to the school.

Certificates and Awards: All participants of Round 2 will receive a prestigious certificate along with their national, state and school ranking and detailed performance report and recommendation that can be downloaded from their individual logins. School toppers per grade with a min of 10 students being qualified for Round 2 will be awarded a Gold Medal for Zonal Excellence. These will be sent to the school altogether after the National finale.

Innoventure National Finale

23rd January 2027

Date and Format: The 1 day mega summit will be hosted offline (Proposed to be in Pune) in the last weekend of Jan, 2026 for students of grade 4th to 9th. There is no registration fee for the National finale. Students will be given real-life problem statements as per their grade for which they need to create and present solutions to the jury in person. Students will also interact with entrepreneurs, CEO's and other leaders during the National Finale. Detailed instructions would be available in school and student dashboards.

Additionally, online training sessions will be conducted prior to the finale to give children the opportunity to be better prepared.

Awards & Certificates: Physical certificates of National Excellence and Gold medal for National Excellence are handed over to all selected finalists. 18 National winners based on Jury round (3 per grade) would be declared.

Transport & Stay: Students may travel to the finale venue with their parents or school guardians at their own expenses. Grants may be given to deserving students for travel and stay after review.
